When somebody asks you about Recall, do you have difficulty answering? This helpful guide provides you with basic facts about our company and answers to some of the most common questions.

▶ Where do you work? What does Recall do?

I'm a [job title] for Recall. We provide information management services to nearly 80,000 customers around the world. In short, we securely store, digitize and destroy information. With new regulations and the recent spike in identity thefts, our services are needed more than ever.

Need more?

By trusting us to manage their information – whether in physical or digital format – our customers can focus on running their business, not finding a file.

▶ Who are your customers?

Every company that has sensitive or important information of any kind needs Recall's services. Most industries and regulatory agencies require businesses to keep information for specific periods of time, to secure it from loss and to ensure its secure destruction at the end of its lifecycle. Recall helps with that.

Need more?

Security and confidentiality are the most important services we provide so we don't name specific companies who are our customers. Our customer base includes such sectors as finance, banking, insurance, medical, legal and government.

Når nogen stiller spørgsmål om Recall, har du så svært ved at svare? Denne nyttige vejledning giver dig grundlæggende information om vores virksomhed, og besvarer nogle af de mest almindelige spørgsmål.

► Hvor arbejder du? Hvad laver Recall?

Jeg er [stillingsbetegnelse] hos Recall. Vi administrerer information for cirka 80.000 kunder verden over og yder service gennem hele dokumentets levetid. Kort sagt opbevarer, digitaliserer, administrerer og destruerer vi information på sikker vis. Med nye bestemmelser der indføres og den seneste stigning i identitetstyverier er der endnu større behov for os og vores serviceydelser end nogensinde før.

Hvem er jeres kunder?

Alle virksomheder, der har en form for følsom eller vigtig information, har brug for Recalls serviceydelser. De fleste brancher og lande kræver, at virksomheder gemmer information i specifikke perioder for at sikre, at denne information ikke går tabt og for at garantere en sikker destruktion ved udløbet af dens levetid. Det hjælper Recall med.

Sikkerhed og fortrolighed er de vigtigste serviceydelser vi leverer, så vi nævner ikke specifikke virksomheder, som vores kunder. Sikkerhed er en af de primære årsager til, at folk vælger Recall. Vores kundebase omfatter finans-, bank-, forsikrings-, medicinal-, den juridiske- og regeringssektorerne.
